Independent Auditor's Report, Abbreviated Annual Accounts for the year ended December 31, 2019

This version of our report is a free translation of the original, which was prepared in Catalan. All possible care has been taken to ensure that the translation is an accurate representation of the original. However, in all matters of interpretation of information, views or opinions, the original language version of our report takes precedence over this translation.

Independent auditor's report on the abbreviated annual accounts

To the Board of Trustees of Fundació Privada Banc Sabadell by Director's request of Banco de Sabadell, S.A.:

Opinion

We have audited the abbreviated annual accounts of the Entity Fundació Privada Banc Sabadell (the Entity), which comprise the balance sheet as at December 31, 2019, and the statement of profit or loss and related notes, all abbreviated, for the year then ended.

In our opinion, the accompanying abbreviated annual accounts present fairly, in all material respects, the equity and financial position of the Entity as at December 31, 2019, as well as its financial performance for the year then ended, in accordance with the applicable financial reporting framework (as identified in Note 2.a of the notes to the abbreviated annual accounts), and in particular, with the accounting principles and criteria included therein.

Basis for opinion

We conducted our audit in accordance with legislation governing the audit practice in Spain. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the abbreviated annual accounts* section of our report.

We are independent of the Entity in accordance with the ethical requirements, including those relating to independence, that are relevant to our audit of the abbreviated annual accounts in Spain, in accordance with legislation governing the audit practice. In this regard, we have not rendered services other than those relating to the audit of the abbreviated accounts, and situations or circumstances have not arisen that, in accordance with the provisions of the aforementioned legislation, have affected our necessary independence such that it has been compromised.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Most relevant aspects of the audit

The most relevant aspects of the audit are those that, in our professional judgment, were considered to be the most significant risks of material misstatement in our audit of the abbreviated annual accounts of the current period. These risks were addressed in the context of our audit of the abbreviated annual accounts as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these risks.

Most relevant aspects of the audit	How our audit addressed the most relevant
	aspects of the audit

Recognition of aids granted by Board of Trustees to third parties

See notes 1 and 4.c) of the abbreviated annual accounts for breakdowns related to granted aids and their accounting policies.

Determining the recognition of granted aids is a significant area, representing 86% of the Entity's total expenses.

Expenses for granted aids are recorded, as indicated in note 4.c) of the accompanying abbreviated notes to the annual accounts, once they have been approved by Board of Trustees.

We have selected a sample of the contracts of granted aids to: inspect the original signed

contracts, review the approval of the expense by the Board of Trustees and verify whether the expenses have been recognised in the auxiliary accounting records as described in the Entity's accounting policies.

As a result of our tests, no significant issues have been identified.

Responsibility of the President for the abbreviated annual accounts

The President of the Entity is responsible for the preparation of the accompanying abbreviated annual accounts, such that they fairly present the equity, financial position and financial performance of the Entity, in accordance with the financial reporting framework applicable to the entity in Spain, and for such internal control as the President determines is necessary to enable the preparation of abbreviated annual accounts that are free from material misstatement, whether due to fraud or error. In preparing the abbreviated annual accounts, the President is responsible for assessing the Entity ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the President either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the abbreviated annual accounts

Our objectives are to obtain reasonable assurance about whether the abbreviated annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with legislation governing the audit practice in Spain will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these abbreviated annual accounts.

As part of an audit in accordance with legislation governing the audit practice in Spain, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the abbreviated annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Entity's President.
- Conclude on the appropriateness of the President's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the abbreviated annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the abbreviated annual accounts, including the disclosures, and whether the abbreviated annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Entity's President regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

From the significant risks communicated with the Entity's President, we determine those matters that were of most significance in the audit of the abbreviated annual accounts of the current period and are, therefore, considered to be the most significant risks.

We describe these risks in our auditor's report unless law or regulation precludes public disclosure about the matter.

Abbreviated annual report for the financial year ended on December 31, 2019 (Expressed in euros)

NOTE 1 The company's business activities

The Fundació Privada Banc Sabadell (Banco Sabadell Private Foundation (hereinafter, the Foundation)), with registered address in Plaça Sant Roc, number 20, Sabadell, was established on 17 November 1994, with an initial endowment of 30,051 euros made by Banco de Sabadell, SA

In accordance with the provisions of the Articles of Association, the purpose of the Foundation is to manage the donations of Banco de Sabadell, SA for sponsorship and patronage events that are consistent with the group's commitment to society and its environment. Therefore, the Foundation selects its sponsorships, taking into account the clear social and cultural intention of the projects, the prestige of the institutions that promote them and the number of people who benefit from them.

The Foundation's preferred areas of action are education, training and research, and culture in general, related to heritage or the promotion and dissemination of the arts.

The main priority when addressing the conditions of equality of people is to overcome the inequalities caused by their intellectual decline. The Foundation has promoted conditions of equal treatment and opportunities for women and men transversally throughout the year in all its services and programs of activities.

The consolidated annual accounts of the Banco Sabadell group were drawn up on 30 January 2020 and will be deposited in the Alicante Commercial Register.

The Foundation's expenses detailed above correspond to the expenditure made in 2019.

The Foundation has no signed business collaboration agreements for which it receives income to carry out its general activities.

Abbreviated annual report for the financial year ended on December 31, 2019 (Expressed in euros)

NOTE 2 Basis for the presentation of abbreviated annual accounts

a) True and fair image

The abbreviated annual accounts were drawn up using the Foundation's accounting records and are presented in accordance with current commercial legislation and the rules established in the General Accounting Plan for Small and Medium-sized Enterprises approved by Royal Decree 1515 / 2007 of 16 November (hereinafter PGC 2007), and in Royal Decree 259/2008 of 23 December (Accounting plan for private foundations and associations subject to the legislation of the Generalitat de Catalunya partially amended by Royal Decree 125 / 2010 of 14 September and Royal Decree 602/2016 of 17 December), with the aim of showing the true image of the equity, financial situation and the results of the Foundation.

The annual accounts are presented according to the abbreviated model, as they meet circumstances established in the accounting regulations for this purpose. The figures in the condensed balance sheet, in the condensed income statement, in the abbreviated statement of changes in equity and in the abbreviated report are expressed in euros.

b) Comparative information

The information contained in these abbreviated annual accounts for 2018 is presented for comparison with the information on the year ended 31 December 2019.

c) Grouping of items

The abbreviated balance sheet, the abbreviated profit and loss statement and the abbreviated statement of changes in equity, which have been grouped, are not included.

NOTE 3 Endowment fund and profit distribution

Abbreviated annual report for the financial year ended on December 31, 2019 (Expressed in euros)

NOTE 4 Assessment standards

The most significant criteria applied to the formulation of the abbreviated Annual Accounts are as follows:

a) Financial assets and financial liabilities

Loans and receivables are non-derivative financial assets with fixed or determinable collections that are not listed on an active market. They are included in current assets, except for maturities of more than 12 months from the balance sheet date, which are classified as non-current assets. Loans and receivables are included in the balance sheet items "Short-term financial investments" and "Cash and other equivalent net assets".

Loans for commercial operations with a maturity of no more than one year are valued at the time of initial recognition, and subsequently at their nominal value, provided that the effect of not updating the flows is not significant.

Financial assets held to maturity are debt securities with fixed or determinable collections and fixed maturity, which are traded in an active market and which the Foundation's Management has the effective intention and capability to hold until maturity. If the Foundation sold an insignificant amount of the financial assets held to maturity, the entire category would be reclassified as available for sale. These financial assets are included in non-current assets, except those with a maturity of less than 12 months from the balance sheet date, which are classified as current assets. These financial assets are initially measured at fair value, including transaction costs that are directly attributable to them, and subsequently at amortized cost by recognizing the interest reported based on their effective interest rate, understood as the discount rate that equals the book value of the instrument with all its estimated cash flows to maturity. Nevertheless, loans for commercial operations with a maturity of no more than one year are valued at the time of initial recognition, and subsequently at their nominal value, provided that the effect of not updating the flows is not significant.

At least at the end of the year, the necessary valuation adjustments for impairment are made if there is objective evidence that not all amounts due will be collected.

The amount of the impairment loss is the difference between the book value of the asset and the present value of the estimated future cash flows, discounted at the effective interest rate at the time of initial recognition. Value adjustments, as well as their reversal, are recognized in the income statement.

Abbreviated annual report for the financial year ended on December 31, 2019 (Expressed in euros)

Financial assets are derecognised from the balance sheet when all the risks and rewards of ownership of the asset are substantially transferred. In the specific case of accounts receivable, it is understood that this fact generally occurs if the risks of insolvency and default have been transferred.

The category of debits and payables includes debits for commercial operations and debits for non-commercial operations. These external resources are classified as current liabilities, unless the Foundation has an unconditional right to defer their settlement for at least 12 months after the balance sheet date.

These debts are initially recognized at their fair value adjusted by directly attributable transaction costs, which are subsequently recorded at amortized cost using the effective interest rate method. This effective interest is the discount rate that equals the book value of the instrument with the expected cash flow from future payments until the maturity of the liability.

Nevertheless, debts for commercial operations with a maturity of no more than one year that have no contractual interest rate are valued at the time of initial recognition, and subsequently at their nominal value, provided that the effect of not updating the flows is not significant.

b) Tax on profits

As a consequence of the entry into force of Act 49/2002, of 23 December, on Foundations and Tax Incentives for the Private Participation in Activities of General Interest, the Foundation, in compliance with the requirements set out in this Act for the purpose of corporate tax, is exempt from taxation for the results obtained from the activities that constitute its founding objective or specific purpose, as well as from increases in equity arising from acquisitions and transfers for profit, provided that both are obtained or carried out in compliance with their corporate or specific purpose.

Likewise, in accordance with this Act, the Administration, when there are withholdings on account of corporate tax on financial returns and payments and income on account, will proceed ex officio to return to the Foundation the excess that charged on the net tax amount. Consequently, withholdings incurred on financial returns are recorded during the year under the heading "Trade and other receivables" of the assets of the accompanying abbreviated balance sheets.

c) Income and expenditure

Income and expenses are charged, following the accrual principle based on the actual flow of services they represent and regardless of when the monetary or financial flow derived from them occurs.

Expenses for grants awarded are accounted for once they have been approved by the Board, regardless of when they are met.

Abbreviated annual report for the financial year ended on December 31, 2019 (Expressed in euros)

d) Provisions and contingencies

Provisions for litigation are recognized when the Foundation has a present obligation, whether legal or implied, as a result of past events, it is likely that resources will be required to settle the obligation and the amount can be reliably estimated. No provisions are recognized for future operating losses.

Provisions are valued at the current value of the disbursements that are expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the temporary value of the money and the specific risks of the obligation. Adjustments to the provision when it is updated are recognized as a financial expense as they accrue.

Provisions with a maturity of less than or equal to one year, with a non-significant financial effect, are not discounted.

When part of the disbursement required to settle the provision is expected to be reimbursed by a third party, the reimbursement is recognized as an independent asset, provided that its receipt is almost certainly secure.

Contingent liabilities are considered to be those possible obligations that have arisen as a result of past events, whose materialization is conditional on the occurrence or not of one or more future events independent of the will of the Foundation.

e) Grants, donations and bequests

Grants that are repayable are recorded as liabilities until they meet the conditions to be considered non-refundable, while non-refundable grants are recorded as income directly charged to equity and are recognized as income on a systematic and rational basis. correlated with the costs arising from the grant. Non-refundable grants received from members to increase the endowment fund or social fund, or to offset deficits from previous years, do not constitute income and are recorded directly in equity.

For these purposes, a grant is considered non-refundable when there is an individualized grant agreement, all the conditions established for its award have been met and there is no reasonable doubt that it will be collected.

Abbreviated annual report for the financial year ended on December 31, 2019 (Expressed in euros)

Monetary subsidies are valued at the fair value of the amount awarded and non - monetary subsidies at the fair value of the goods received, both of which are referred to at the time of recognition.

Monetary amounts received without allocation to a specific purpose are charged as income in the year in which they are recognized. The Foundation receives its income through a donation made by Banco de Sabadell, SA and the Foundation itself determines its purpose. Thus, the donation received from Banco de Sabadell, SA is posted directly as income in the year in which it is recognized (see Note 14).

f) Transactions with related parties

Transactions with related parties, basically with Banco Sabadell, SA, are initially recognized at their fair value. If applicable, and the agreed price differs from its fair value, the difference is recorded according to the economic reality of the operation. Subsequent valuation is carried out in accordance with the provisions of the corresponding regulations.

NOTE 5 Financial assets

NOTE 10 Tax status

The Foundation calculates corporation tax in accordance with the provisions of Act 49/2002, of 23 December, on foundations and tax incentives for Private Participation in Activities of General Interest (see Note 4.b).

The reconciliation of the differences between the accounting result for the year and the taxable base of corporation tax for 2019 and 2018 is as follows:

in euros		
	2019	2018
Balance for the year	8,451	(195,905)
Permanent positive differences	4,991,549	5,195,905
Permanent negative differences	(5,000,000)	(5,000,000)
Tax Base	-	-

Abbreviated annual report for the financial year ended on December 31, 2019 (Expressed in euros)

The Foundation is exempt from corporation tax for the results obtained during the exercise of its activities that constitute its corporate or specific purpose. Thus, all the items of deductible income and expenses have been adjusted to the accounting result according to the tax regime of non-profit entities, applying Act 49/2002, resulting in the taxable base.

No income tax was recorded in 2019 and 2018.

The Foundation is pending inspection by the tax authorities of all unverified and not legally prescribed taxes.

Due to possible interpretations of the tax regulations applicable to the operations carried out by the Foundation, there may be contingent tax liabilities. However, in the Foundation's view, the tax debt that may arise from them would not significantly affect the abbreviated Annual Accounts.

On 31 December 2019 and 2018, the composition of the balances with Public Administrations is as follows:

in euros		
	2019	2018
Balance for the year	8,451	(195,905)

NOTE 16 Adjustments after closing

Since 31 December 2019, no significant events worthy of mention occurred except as described below:

During 2020, COVID-19, a new strain of coronavirus, has spread from China to other countries, including Spain. This event is likely to affect economic activity worldwide and, as a result, it will affect the Institution's operations and financial results. This event is a subsequent fact that does not affect the figures of the closing of accounting on 31 December 2019. The extent to which the coronavirus will affect the Company's performance and accounting figures for fiscal year 2020 will depend on future events that cannot be reliably predicted, including actions to contain the disease or treat it and mitigate its effect on the economies of the affected countries, among other things.
